## 1. Stronghold Cable Ties **PANDUIT®**

StrongHold™ nylon cable ties are an economical option for the commercial construction market. Offering a variety of sizes and styles.

## 2. Stronghold Tape **PANDUIT®**

StrongHold™ offers a broad range of pressure-sensitive vinyl electrical tape suitable for a wide range of indoor and outdoor applications.

## 3. Stronghold Wire Markers **PANDUIT®**

StrongHold™ Wire Marker Books features an assortment of conveniently pocket-sized pre-printed and self-laminating write-on marker book.

## 4. Stronghold Electrical Fasteners **PANDUIT®**

StrongHold™ offers a complete line of supports and fasteners for the commercial and industrial construction market providing customers everything they need to fix, route, secure and manage power.

## 5. Stronghold Insulated Terminals **PANDUIT®**

StrongHold™ has a large variety of contractor grade terminals, disconnects, and splices with multiple sizes and insulation options to cover application needs.

## 6. Mobile Printing & Labeling **PANDUIT®**

Panduit creates leading-edge labeling solutions for electrical and network environments, from the data center to the telecom room, from the job site to the plant floor.

## 7. Power Transformation Units **ERICSON**

cETLus listed for U.S. and Canada. Frame is easy to move, narrow frame fits through a standard 36" doorway. Industrial duty aluminum frame with lifting eyes.

## 8. Power Distribution Units **ERICSON**

cETus listed for use in U.S. and Canada. UL943-5th Edition Self-Testing GFCI Module with Nema 4x Test/Reset Buttons For Exceptional Damp/Wet Areas performance.

## 9. Commercial Grade Lighting **ERICSON**

Full threaded screw shell to ensure proper contact. Designed for applications that require rapid set-up and tear down. String lights available in 50ft. and 100ft.

## 10. Hazardous Location Lighting **ERICSON**

Protective copper free aluminum shell. Chemical and impact resistant Borosilicate Glass Lens. 360-Degree, 1550 Lumen output per module.

## 11. Industrial Grade Lighting **ERICSON**

Lightweight, heavy duty impact resistant. Designed for cable egress to prevent cable pinching when unit is storage or used in a vertical orientation. Select units contain a emergency driver and back-up battery.

## 12. Cable Reels **ERICSON**

High Impact Corrosion Resistant Non-Metallic Housing Wall Mount, Swivel Mount Covers 180 Degree Work Area. Available with Tri-Tap, NEMA 5-15 illuminated receptacle.

## 13. Cordsets **ERICSON**

Watertight and Temporary Submersion. Manual and Auto Reset Versions. Available in 14 and 12ga, 15 & 20A. Several Configurations – Tri-Tap, WP Box, Explosion Proof.

## 14. Weatherproof Plugs & Receptacles **ERICSON**

Rugged TPE Exterior offering Crush and Chemical Resistance. Single Gang, Double Sided, Standard and Deep Depths. Indoor and Outdoor Cord Clamps with Feed-Thru.

## 15. Cable & Hose Protection **ERICSON**

OSHA compliance. Industry leading load ratings up to 50,000 lbs. per axle. Industrial and Extreme duty options also available.

## 16. Wiring Devices **ERICSON**

A Industrial Grade Straight & Locking Devices designed for application where high impact, and worksite chemicals are present. Internal Cord Seal prevents moisture, dust and contaminates. from entering the wiring chamber, causing failure

## 17. LED Linear Vapor Fixture *eLumigen*

eLumigen LED Linear Vapor Tight fixtures are designed for installation at mounting heights of 5.5 meters or lower. These rugged fixtures are DLC Premium listed, have a high impact protection rating of IK10 and an IP66 rating.

## 18. LED Backlit Panels *eLumigen*

Single panel offers multiple wattages and color options—simplify inventory management. Thin profile for uniform and consistent illumination. Lightweight and energy-saving over traditional troffer

## 19. Cable Installation Tools

Voltage detecting pens, Low voltage pulleys, Cable cutters, Cable rollers, and wire strippers all made to exceed safety standards and extend the life of the tools.

## 20. Insulated Hand Tools

These tools are made of heat treated chrome vanadium steel for maximum strength and durability. The tools meet or exceed IEC 60900, ASTM F1505-01, and VDE standards for high voltage protection and are tested to 10,000 VAC and rated to 1,000 VAC live use.
